STC – BOY feeds the AZDash

Your hard work on STC has paid off and AZDash has come to life! AZDash is a series of free, interactive, longitudinal reports that present views of student AIMS, Explore, ACT, etc. at the district, administrator and teacher level.

Your STC BOY submission enables you to view your student rosters NOW! AZDash provides visibility into key performance indicators through data visualizations and data grids of information most important to educators.

Please contact AELAS@azed.gov to learn how you can bring these dashboards to your educators and administrators.

HQT Is On-Line!

Please take a few moments to update your teacher rosters for this school year. HQT is back on-line and ADE staff are here to assist you!

STC Website

STC 2014/15 Submission Windows

40th Day: August 25 – October 17th

100th Day: November 24th – January 23rd

EOY: April 27th – June 30th

What's New In STC?

Starting with the Fall submission, the Educator Stakeholder ID for teachers will be required, and the Section ID for courses will also be required.

The new File Specs for the BOY submission are now available on the STC website.
